

VOLUNTEER FOR A SHINGLES VACCINE STUDY

Help us understand the immune response to vaccination

WHAT The Hope Clinic of the Emory Vaccine Center is conducting a research study to understand how the immune system responds to the new shingles vaccine.

WHO We are looking for healthy adults: **between 50-60 years and 70 years old or older.**

PARTICIPATION Adults who participate in the study will have 13 clinic visits over 6 months, including: 2 vaccinations with shingles shot, and 11 follow ups. Blood will be drawn.

COMPENSATION You will be compensated \$75 for each vaccination visit and \$50 for each of the follow-up visits.

NEED INFORMATION: Contact the Hope Clinic of the Emory Vaccine Center at 404-712-1371, email vaccine@emory.edu.
